Limited Warranty

Appalachian floors are manufactured by an experienced team that combines a passion for quality with a high level of technical expertise. Using the latest technology in wood flooring manufacturing and production, Appalachian floors are built to last and give you the mental peace that comes with buying a top of the line product that you can trust implicitly.

Thus, Appalachian Flooring Ltd. (hereafter referred to as Appalachian, Appalachian Flooring) is proud to offer you the following Warranty Program (hereafter referred to as the Warranty). The Warranty covers our line of pre-finished flooring products: both solid and engineered, which have been installed following recommended Appalachian Flooring and NWFA installation guidelines, maintained according to recommended floor maintenance procedures (As outlined in the Appalachian Solid and Engineered Installation Guides respectively and the Care and Maintenance Guide as well as the applicable NWFA guidelines) and kept at a normalized level of humidity (Solid 35-55%, Engineered 35-65%).

Appalachian Flooring warrants that all of its products successfully meet established industry standards, as specified for each product category, as well as meeting our own high standards and are thus free from manufacturing defects. This warranty extends solely to the original purchaser of the floor, is non-transferable and applies only to residential or commercial (excluding heavy commercial) use. Low hardness species (those with janka ratings below that of red oak) are not recommended for commercial use. The warranty is valid for all pre-finished hardwood flooring with a polyurethane finish manufactured after December 31, 2005 and sold under the Appalachian Flooring brand in the following collections as described. In the event of a discrepancy between any other Appalachian Flooring warranty documents and the present document, the latter shall prevail.

Prefinished Flooring Warranty

Appalachian Flooring warrants, to the original purchaser, that the **UV cured polyurethane surface finish**, factory applied, on its Appalachian pre-finished hardwood floor will not wear through or separate from the wood for a period of:

- **Thirty five (35) years**, from the date of purchase, when used under normal **residential traffic conditions**, or
- **Five (5) years** from the date of purchase, when used under **light commercial conditions** and this for all products in the Signature.
- **Three (3) years** from the date of purchase, when used under **light commercial conditions** and this for products in the Alta Moda and Verita Collections.

This warranty applies on the condition that regular and preventative maintenance have been carried out as recommended in the installation documents, this document and in the Appalachian Flooring Care and Maintenance Guide.

The Warranty excludes any indentations, scratches or surface damage caused by misuse, negligence, accidents, pets, lack of proper maintenance, spike-heeled shoes, water, wet mopping, erosion, pebbles, sand, other abrasives, insufficient prevention and/or protection. In order to qualify the floor as defective, the surface wear must be readily visible (from standing height) and cover at least ten percent (10%) of the surface area. Gloss reduction is not considered surface wear.

Any damage due to improper transportation, storage, handling, installation, or any other cause, is not covered by this warranty. As per industry standards, Appalachian Flooring reserves the right for a 5% defect allowance, which is not covered under this warranty.

Color

All wood flooring will undergo natural color changes due to the effect of sunlight and/or ultraviolet light. Color variations as well as gloss variation, all of these changes are not covered by our warranty as it is considered a natural occurrence in wood. Rugs and furniture should be moved occasionally to mitigate this problem. Color change is not a product defect. In addition, your flooring will vary from the samples and pictures shown due to wood having natural occurring color variation. Wood flooring produced at different time periods in the same year or in different years will also exhibit color differences.

Floor Care

The use of floor care products other than those specifically recommended by Appalachian Flooring is prohibited as it may damage your floor or leave a residue or haze and will void the Warranty. Check our Care and Maintenance guide for a list of approved products.

Radiant Heat

Solid hardwood flooring of any species as well as hickory and engineered maple 7 inch floors should never be installed over a radiant-heated floor and will not be covered by the warranty if so installed. All other Appalachian Engineered Floors can be installed over radiant heating according to approved installation methods in the Appalachian Flooring Engineered Installation Manual and relevant NWFA guidelines.

Grading

The Prestige grade may contain pieces with mineral streaking and pin knots. All other grades allow: checks, mineral streaks, open knots, closed knots or filled knots with putty, cracks, holes, worm holes, open cracks, localized variable thickness, subsidence of character traits, etiolation or separation within character traits, color variation and other related characteristics as well as movement within natural characteristics and finish deterioration near natural characteristics.

Noise and Squeaking

Any type of noise coming from fastener movement, improper retention of the flooring to the subflooring, the use of staples and the lack of glue assistance in hardwood flooring installation, the installation of hardwood flooring over OSB or in conditions outside the scope of the warranty or installation guide will not constitute a defect and no claim will be accepted regarding this.

Installation and Acceptance

Installation of any flooring constitutes acceptance of its grade, milling, color and finish. The homeowner should approve the product before installation. If the homeowner elects to have the product installed in his absence he is deemed to have accepted the product. Appalachian Flooring cannot control the quality of installation thus we cannot warranty claims that are installer related. In addition, if a third-party inspection by a qualified inspector determines that the defect was present before installation and was subsequently installed, it is not the responsibility of Appalachian Flooring to pay for the board replacement.

Colonial Grades

There is no warranty on Appalachian Flooring Colonial Grade wood neither on the structure nor the finish.

Lifetime Structural Warranty

Our high production standards and passion for quality allow us to offer you a lifetime warranty on the structural integrity of our pre-finished and unfinished hardwood floors. Our products conform to our highest standards and are of superior quality and uniformity.

Appalachian Flooring thus warrants its hardwood floors against all defects in manufacturing, sorting and varnish application. Additionally Appalachian Flooring guarantees that our products will remain free from defects as regarding their sizing, classification, lamination, assembly and structural integrity and this for the natural life of the original purchaser. Dimensional variation and cracks due to environmental variations are not covered under this warranty.

To File a Claim

If you wish to file a claim under this Warranty Program, you must first contact your Appalachian Authorized Dealer where the original purchase was made.

A written notice of claim must be filed within the warranty coverage period, and no later than six (6) months after the first occurrence of the problem giving rise to your claim. Information verifying date of purchase and identity of the original purchaser as well as the original invoice, as proof of purchase, must be supplied to Appalachian Flooring or its representatives on request. The floor in question must have been purchased directly from an Appalachian Flooring Authorized Dealer and paid for in its entirety before a claim may be submitted. The purchase of Appalachian hardwood flooring from an unauthorized Appalachian dealer and/or via the Internet will automatically void this and any other manufacturer's warranties implicit or implied.

Caution! We strongly suggest that you keep your original invoice, together with the Appalachian Installation Guide and the Appalachian Care and Maintenance / Warranty Guide in a safe place as they may be required to submit a claim.

If your local Authorized Appalachian Dealer is unable to answer your claim, please contact us by registered mail at the following address:

**Appalachian Flooring, Technical Service Department 454 rue de la Rivière,
Cowansville, Québec, Canada J2K 3G6**

Or by e-mail: claims@appalachianflooring.com

In this case Appalachian Flooring will be happy to send you a form to be completed and returned for further processing. In any eventuality, Appalachian Flooring reserves the right to have a designated Appalachian Flooring representative or third party inspect the floor and remove samples for technical analysis within 30 days from the receipt of the written claim. Should Appalachian Flooring's analysis prove that a portion of the floor is indeed defective, Appalachian will, at its sole discretion, repair the affected area or supply replacement material in the form of an identical or equivalent product. In the event of a legal dispute, regarding a product supplied by Appalachian Flooring legal proceedings must be conducted in the county of Bedford, Quebec, Canada.

Warranty exclusions

The Warranty does not cover indentations, scratches or damage caused by negligence, water, wet mopping, erosion, pebbles, sand, other abrasives, spiked-heeled shoes, insects, pets, misuse, abuse, accidents, natural wood fiber surface discoloration, extreme environmental conditions, failure to follow all manufacturer's specific written installation instructions, poor workmanship by installer, improper maintenance, insufficient prevention and/or protection in kitchen workstations and underneath furniture, misuse or improper alterations of original manufactured products, damages resulting from the shifting of the building, or from defects in the base on which the floor is installed. The warranty does not apply to an order that is not paid in full. The warranty does not include any other direct or indirect costs, e.g. transportation, punitive damages, but not

limited to installation.

Textured flooring

Due to the production process with a textured floor, it often happens that dirt is more easily embedded in the brushed surface than in a smooth floor. This is normal and cannot be claimed.

Grade Livesawn Character colonial

Some characteristics are not immediately visible but develop over time. With this grade it is normal to see: pronounced color variation, mineral streaks, open and closed knots, holes, chinks, open cracks, wormholes, thickness variation, sagging in open character marks, starbursts or separations in character marks as well as heightening of certain character marks that may become prominent and localized deterioration of the finish near the character marks. These are considered normal and part of this grade, and therefore not subject to complaint.
